## EDUCATION

### BACHELOR OF FINE ARTS

Otis College of Art & Design  
2013-2017

## EXPERIENCE

### MANAGER + SENIOR 3D ARTIST + KEY LIGHTER

Wayfair

2018-2022

- Managed, trained, and onboarded a team of full-time 3D artists to successfully deliver consistent photo-realistic rendered imagery
- Collaborated in cross-functional teams to produce photorealistic 3D imagery for printed catalogs, social media posts, and wide range of promotional advertisements
- Led and maintained brand standards as a senior lighting specialist for Birch Lane
- Performed QA for numerous high-level projects. Improved image realism through attention to detail in materials & lighting

### LEAD DESIGNER

HomeMade Modern

2017-2018

- Developed modern designs and used accessible materials to produce simple products that can be made by a wide range of target audiences
- Responsible for all product photography, videography, and visual blueprints for each designed product
- Directed all of HomeMade Modern social media platforms to showcase products and inspire followers to create. Grew their brand and social media presence with active engagement with followers

### GRAPHIC DESIGN INTERN

Wood Expressions Inc.

2016-2017

- Produced custom designs for laser engravings of wooden board games
- Modernized a more user-friendly game packaging design for new target audience

### DESIGN ASSISTANT

Otis College of Art & Design

2015-2017

- Oversaw and mentored design students in the design process. Led further development through iterations that cultivated successful implementation
- Organized guidelines and helped to conceptualize frameworks/processes in order to identify the most sensible design
